

THE NAVY BLUE AND WHITE VICTORIOUS.

Pomona College Athletes Held the Silver Trophy Cup Until Another Field Day.

SECOND PLACE WON BY U.S.C.

CHAFFEY DEFEATS OCCIDENTAL BY ONE AND A HALF POINTS.

Large Crowd at Athletic Park Yesterday-Morning at the Field Makes a Scarcity of Good Records—The Events.

The field sports of the fifth annual field day of the Southern California Intercollegiate Association drew a large and enthusiastic audience at Athletic Park yesterday afternoon. The navy blue and white of Pomona, and orange and gold of the University of Southern California were everywhere to be seen, and there was no lack of Occidental's black and gold or Chaffey's gold and olive green.

Pomona sent a large delegation, whose songs and college yells, together with the hurra-y of U. S. C., drew out the students of the Chaffey and Occidental students, who were much weaker numerically. The Pomona team won the field day by a score of 21 points, U. S. C. taking second honors with 17 1/2 points in their favor, and Chaffey capturing third place with 15 1/2 points. Occidental had but a score of students from whom to pick a team, and considering the disadvantages under which they labored, their score of 11 points was something for them to be proud of.

The first event on the program was the 100-yard dash, and it was 1:11 which before this was started. The entries were Ray Crox, Chaffey; Ed D. Maise, Occidental; H. L. Avery, Pomona, and E. O. Edgerton, U. S. C. Crox stood still as the gun was fired, and when he started was so far out of the race that he was never within several feet of the head man. The other three starters got off the mark well together, and Maise led as the 50-yard mark. Avery, however, overtook him, and was the sprint by a good yard's lead in 1:11 1/2, being the previous record. Edgerton ran a close third to Maise.

In the station-pony hammer throw, the contestants were L. M. Tolman, Pomona; W. L. Chambers, U. S. C.; D. H. Cromwell, Occidental, and Elva A. Fuller, Chaffey. Tolman's best throw in the first three rounds was 207 ft., Mr. Chambers stepped outside the ring the first two times and on a third trial made 211 ft. 11 in. The best Cromwell made in the first three trials was 217 ft. 11 in., and Fuller's best throw was 222 ft. On the next three trials, Chambers dropped out, and the best throws for the remaining contestants were Tolman, 205 ft.; Cromwell, 211 ft.; and Fuller, 202 ft. This gave first place to Fuller, second to Tolman and third to Cromwell.

The 50-yard dash was won by Elliott of U.S.C. in 1:01 1/2. Elliott made the present record for this event, 1:01 1/2 in 1:01. The other entries were: E. P. Tolman, Pomona; E. H. Miller, Occidental, and George Cook, Chaffey. Elliott took the pole at the crash of the pistol, and was not headed in the entire race, winning from Tolman and Miller, who ran a very close second and third, respectively, by at least eight feet. Miller started at the eighth and came up even with Elliott, and was only beaten by inches for second place. Cook was never in the race from the start, falling into fourth place and staying there.

The fourth event was the running high jump. The jumpers were: A. G. Martin, U.S.C.; A. R. Condit, Pomona; T. E. Chapin, Occidental, and Carl Adams, Chaffey. Adams was the first to fall out, failing to clear the bar at 4 ft. 11 in. At five feet and one-half inch Chapin dropped out, and the contest was left to Condit and Martin. Martin cleared 5 ft. 4 in. easily, and Condit, who uses the old-style side method, failed to clear the bar at that height, and after three trials was declared beaten. The record for the event is 5 ft. 11 1/2 in., and the bar was placed half an inch higher than that mark, and Martin tried for a record, but failed. Martin shows promise of developing into a very good jumper.

Those who entered the one-mile bicycle race were: Dean Cromwell, Occidental; A. T. Gordon, Pomona; Robert Tromper, Chaffey, and Tommie Nelson, U.S.C. Delay of Los Angeles and Lark of Oakland were put in as tandem pairs. Tromper had the pole, with Cromwell next, and Nelson on the outside. Tromper jumped on the start and after a very pretty race with Nelson, caught the tandem. Cromwell fell in behind Nelson, and Gordon broke up the race. The first quarter was ridden in thirty-five seconds. At the beginning of the second lap the pair got in hot for Tromper, who lost his place. Nelson sprinted for the covered position, and as the tandem slowed down, secured it. Gordon sprinted ahead, however, and dropping back in the stretch at the finish of the half-mile took Nelson's position from him. The half was made in 1:27 1/2, and the three-quarters in 1:44 1/2. At the beginning of the last lap, Gordon sprinted, Cromwell leading on to him, and the other two were virtually out of the race. Tromper getting altogether, Gordon's good jump at the 100-yard mark won the race for him by a wheel-length in 1:38 1/2. Nelson finished in third place.

L. E. Fessenden, Chaffey; J. F. Spencer, U.S.C.; Avery, Pomona, and Miller, Occidental, were entered for the 200-yard dash, and all got away in the shape of the crash of the gun. Fessenden led in the turn, but in the stretch Avery easily sprang ahead, and won from him by four feet, Miller finishing well up as third and Spencer running a good fourth. The time was given out as 1:14 1/2, but as the international record for the event is only a fraction of a second less than that time, the distance was measured, and the course found to be at least sixty feet short. The previous record of the Southern California Association is 1:14 1/2 for the 200.

The seventh event was the pole vault, and the contestants were Herbert Crocker, Chaffey; L. A. Chapin, Occidental; H. F. Stone, Pomona, and A. G. Martin, U.S.C. Stone was the event, Crocker scoring second and Martin third. Chapin went out on a third failure at 17 ft. 10 in., Martin clearing the bar at that height and passing higher trial until Crocker's failure at 16 ft. The bar was raised an inch higher and both Martin and Stone failed, Stone having cleared 17 ft. 10 in. was the event. The former record was 16 ft., made by Crocker of Chaffey in 1915.

The next event was the most closely contested of any of the sports, one of Chaffey and Edgerton of U.S.C. running a dead heat, Maise of Occidental and Lark of Pomona were the other starters in this event. All four secured a good start, Maise slipping, but immediately regaining his balance. Edgerton jumped away from the field at once and many of the spectators were confident that he was never caught, as 1:11 1/2 at the four

contestants finished an early lap, and it was difficult to determine until the finish. Maise was given third place and Lark a better mark by a very small margin indeed. The time for the former round, 1:11 1/2.

The entries in the two-mile bicycle race were the same as in the mile event, Gordon having the inside, Cromwell the second place, with Tromper next to him, and Nelson on the outside. At the start Nelson caught the tandem, aided by the main team who passed the mile race, Gordon going around the track and dropping into second place, and Cromwell taking his position at Gordon's rear wheel. The race lagged appreciably from start to finish. The first quarter was made in 1:41 1/2 and the half in 1:21 1/2. At the beginning of the third lap Gordon sprinted ahead of the tandem and fell back on the pole, intending to force Nelson to leave the pacing machine. Nelson, however, would not allow his position to be taken from him, and Gordon had to be satisfied with second in the race. The time for the race was 3:27 1/2; 1:41 1/2, 1:21 1/2, and for the race, 3:27 1/2. At the mile and a half Nelson was winded and dropped back, Gordon and Cromwell went for the tandem, and the latter was successful. The last eighth was a good race between the Occidental man and his Pomona rival, and Gordon's jump in the last few feet carried him over the tape a winner by inches. Tromper finished third, about forty feet behind the leaders.

The one-mile run came next, and Elliott, U.S.C.; E. C. Chapin, Occidental; H. M. Voorhees, Pomona, and J. P. Lucas, Chaffey, were the starters. The start at the end of the first lap was Voorhees, Elliott, Lucas and Chapin, at the end of the half mile the event had become a double race, as Voorhees and Elliott led the other two men by at least fifty feet. Voorhees continued to set the pace until the last eighth, when Elliott sprang and won as he pleased in 1:08, Voorhees finishing third by twenty feet, Chapin allowed Lucas to set most of his pace, and then beat him out in the last lap, finishing about fifty yards back of Voorhees.

The last event on the program was the sixteen-pound hammer throw, and the contestants were Pete Cook, Occidental; L. M. Tolman, Pomona; Fuller, Chaffey, and Avery, U.S.C. Peter had done no training, and dropped out after the first three rounds. His best throw was 211 ft. Tolman won the event by a mark of 225 ft. 11 in., Avery scoring second with 220 ft. 11 in., which he succeeded in making twice. Fuller threw the weight 202 ft., which gave him third place.

The day's sports passed off without accident, but the delays which occurred between the events were exceedingly tiresome to the spectators, and not conducive to good records. When the weather is so warm as it was yesterday, the thin clothing which covers the average athlete, notwithstanding the fact that he may be wrapped in a blanket, affords but little protection at best, and fire worms certainly can befall a contestant in an event. The fact that the field was an exceptionally slow one, in account of the recent rains should be taken into consideration. This fact is largely responsible for the absence of record-breaking events, and the time of sports was very good under the circumstances.
