

OCCIDENTAL AND U. S. C. TIE.

The Presbyterians are Fast in Long Events.

Squabble May Cause Teams to Stay at Home.

No Sensations are Recorded in Day's Events.

With the bleachers filled with adherents of both institutions, rooting for all they were worth for their respective sides, Occidental and U.S.C. entered the fray yesterday on the latter's grounds for the annual track meet, postponed from Saturday. The contestants for every event were trained to the bone, and entered into the contests of speed and endurance with a determination to do or die. For this reason there was a tie score of 41 points when the final reckoning came.

Coach Holmes of U.S.C. had an advantage in seasoned men, but the fast Presbyterians made up to great what they lacked in experience. The respective contestants out-steered through the events in a manner to keep the interest at fever heat at all times, and it was not until the last event, the relay race, that the crowd was called to witness to either U.S.C. in the 100-yard hurdle race. It avoided, might have changed the complexion of the final tally also, for this event were Hagerman, Occidental, Westbrook, Elliot, U.S.C. and Thompson and McNeil, Occidental. The three first-named came over in about four hurdles as if packed together, but Elliot stumbled on the last and went down, closing in time, however, to take third, with Hagerman first and Westbrook second.

Occidental showed strength in the 200-yard dash, the pole run, broad and high jump, while U.S.C. scored heavily in the 500-yard race, mile run, hammer throw, pole vault.

Boyd, U.S.C., after having hammer 112-4-19

Unless there is a change of the present situation it is more than likely Occidental, U.S.C., Pomona and St. Vincent will not go north to compete with Stanford and Berkeley two weeks hence. The question hinges upon who whom hands the team representing the south will be placed. It is rumored to officials here that Coach Holmes desires this honor, while the other colleges contend that as U.S.C. has but one man capable of competing in the scheduled events at Stanford and Berkeley, the squad should go under other auspices.
 An agreement will be out this week to settle this question and if satisfactory, the squad will go north.
 The results were, according to long would be about as follows:
