# KELLY SHADES HURDLE RECORD

*Defeating Earl Thomson by  
a Short Nose.*

*Henry Williams Captures  
Both Sprints.*

*P.A.A. Athletes Make the  
Most Points.*

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN DIEGO, Aug. 19.—Amid the breaking of records and the defeat of many champions, the Pacific Association won the Far Western track and field meet from the Southern Pacific Association by a margin of twenty-nine points. With the running of the relay and the closing of the meet the Pacific Association had a total of 101 points, the Southern Pacific Association seventy-two points, the Northwestern Pacific twenty-nine points and the Intermountain Association five points.

The meet was a fast one and many thrills were furnished the 5000 spectators out to see the athletes perform. Chief among the events was the come-back of Fred Kelly in the high hurdles by beating his rival, Earl Thomson, by a body's breadth and tying the world's record at 14 4-5 seconds.

## SOLDIER.

Fred Kelly knew that it was up to him to win, or his chances for a come-back in the national championships would be small. Another fact that lends greater importance to his winning is that he has been at the military training station at Monterey and has hardly had any time to train since his return from the north. With the crack of the gun Kelly was away to a yard lead over his opponents and held it until near the last, when Earl Thomson made a slight gain on him by plowing through two of the hurdles in a desperate attempt to win.

Next to the come back of King Kelly was the disappointment furnished by the disablement of Howard Drew. Drew ran in excellent form in his heat of the 100-yard dash and won easily in 10 seconds flat. However, his old injury to his back bothered him in the last forty yards of the finals and he was unable to run his best and was defeated by Henry Williams of the Spokane Athletic Club in 9 4-5 seconds.

Drew's injury kept him out of the 220-yard dash completely. In the clubhouse following his breakdown

he announced that he would be unable to go to Newark for the national championships this year and that he would retire from track athletics, except the few races that he would compete in for the University of Southern California next year.

Johnny Norton, who was forced to take third-place honors to Fred Murray and Meredith House at Stanford this last season, sprung into fame by setting a new world's record for the low hurdles on a curved track. Verle Murray of Whittier College had a good lead during the first part of the race, but a wonderful spurt by Norton after they had cleared the final hurdle gave him a slight lead. Norton's record of 24 1-5s. lowers the record made by Fred Kelly this last season by one-fifth of a second.

## PADDOCK RUSHES.

Henry Williams, a slight built lad from the Spokane Athletic Club, sprung into fame in the 100-yard dash by passing up Howard Drew right at the tape and then winning the 220-yard dash from Charles Paddock of Pasadena in 21 4-5s. At the 100-yard mark Williams had a five-yard lead and looked an easy winner, but the speed and strength of Paddock brought him within a yard of the winner as they sprang for the tape.

Kirksey, the star Olympic Club sprinter, was another unfortunate athlete. In his heat he had an easy lead within five yards of the tape when a tendon in his leg gave way and he rolled over the tape and was carried from the field.

Ray Adkinson struck a snag in

the half-mile in the person of C. A. Hoenisch of the Olympic Club of San Francisco, and was forced into second place.

Karl Nippo of the Los Angeles Athletic Club, the walker who holds all of the walking championships of Germany from the mile to the seventy-four-mile, added another win to his long string of victories by winning over George Foster of the same club in a close race. The time of 7m. 31 4-5s. was the best time made on the Coast for a long time.

## RATHER BLUE.

Walt Sturges, the Pomona College miler, feels rather blue over being disqualified in the mile run. Walt was running in third place right up to the finish, but was disqualified for running off the track. Near the finish there was a post that signified the end of the sprints, and Walt, thinking that was the end of the mile, jogged off to the side of the track. When he found his mistake, he got back onto the track and finished, but was disqualified.

The quarter-mile, as was expected, turned out to be a corker. This race saw the defeat of another champion, Frank Sloman, holder of the world's interscholastic championship. Karl Goepfert, a team-mate of Sloman, and another San Francisco high school lad, was the one to turn the trick. Goepfert finished with a two-yard lead.

The relay ended the day with another victory for the Pacific Association. Karl Goepfert started things by taking a three-yard lead over Tuffy Conn in the first lap, only to have "Pa." Gates come back and leave Carroll five yards in the rear at the end of the second lap. After that the Pacific Association team slowly increased their lead over Anderson and Beal, finishing five yards to the good.

Surprises were also in store in the field events. Chief among the events that turned out as they were not expected to was the pole vault. In this event Fred Watkins, the lanky Los Angeles club aviator, took the measure of F. W. Johnson of the Olympic club and Sam Bellah of the Multnomah club of Portland. The defeat of Bellah was a great surprise, as he is the national A.A.U. champion. Watkins hoisted himself over the bar at 12 ft., 4in., which was high enough to defeat the best man in the West. Watkins also won another medal by coming through with second place in high jump.
