

# SCHOLZ AGAIN BREAKS WORLD'S SPRINT MARK

## *Steps 200 Meters in 20.9 Seconds; Finishes in Tie With Paddock for Second in 100 Meters*

[BY A. P. NIGHT WIRE]

CAMBRIDGE (Mass.) June 14.—The American shield will be carried in the Olympic track-and-field championships at Paris by a team of 102 athletes, one of the greatest aggregations of stars ever assembled for athletic conquest, the American Olympic committee decided tonight, in making its selections as a result of the final tryouts completed today at the Harvard Stadium.

With a few exceptions all those finishing in the first four places in the finals held in twenty events here yesterday and today and in three other tests conducted earlier in the week at New York were included on the international team in accordance with a number of other performances justifying their selection.

### LEAVE MONDAY

This formidable array of performers, whose feats of speed and brawn have afforded a thrilling climax to Uncle Sam's Olympic preparations, will embark next Monday at noon on the specially chartered steamship America for Paris, where the track-and-field championships will be held July 6 to 13.

Despite a chilling rain that swept the field today and soaked the cinder path, one world's record was smashed, two more equaled, four Olympic standards equaled, one was tied and one American mark equaled in the spectacular closing battle for places. Combined with yesterday's feats a recapitulation for the two days showed the sensational list of three world's records shattered and three equaled, with Olympic marks surpassed in fourteen instances and tied in four others.

Jackson Scholz, New York Athletic Club, whose machine-line stride devoured space in astonishing time yesterday, came back in the 200 meters to break the world's record for the second successive

day. His time of 20 9-10 seconds made in a semifinal heat, was one-tenth of a second faster than the mark he set yesterday, and considering the unfavorable conditions under which it was made, ranks among the startling sprinting feats of all time.

### PADDOCK SIXTH

Scholz followed this by triumphing decisively in the final heat in twenty-one seconds flat, a race in which Charley Paddock, California flyer, disregarding the advice of Lawson Robertson, head Olympic track coach, suffered one of the worst setbacks of his career by finishing sixth and last.

Paddock, Olympic 100-meter champion, went victoryless altogether in the finals for the best he could do in the shorter race was a dead heat for second place with Scholz, with Chester Bowman, fleet Syracuse star, leading the way in time that equaled the Olympic record of 10 6-10s. The chunky Californian pulled up slightly lame in the 100-meter final and was advised by Robertson to withdraw from the concluding test at 200 meters, in which he previously had won his semifinal. But Paddock refused to disappoint the crowd of 25,000 eager to see him in the final test and after making a gallant race with the leaders for 150 meters wilted and dropped back quickly.

100-meter dash—Won by Chester Bowman, Syracuse; tie for second, Jackson Scholz, New York.
