

PADDOCK'S RECORD TIED BY TOLAN AND SIMPSON

Rasmus Better Houser's Figure in Discus Event; Trojans Have Great Chance for Title

CHICAGO, June 7. (AP)—A world's record was eclipsed, the record for the 100-yard dash was tied twice and a record for the meet was smashed as 323 athletes from seventy-two universities and colleges in twenty-eight States, finished their assault in the preliminaries of the national collegiate track-and-field championships on Stagg Field today.

GIANTS SWEEP CARD SERIES

ST. LOUIS, June 7. (AP)—Carl Hubbell held the Cardinals to eight scattered hits here today and the Giants made a clean sweep of the three-game series, winning easily by 8 to 1. Bill Sherdel was touched for thirteen hits, including a home run by Travis Jackson, but remained in the box for eight innings. Herman Bell pitched the final frame without untoward result.

The victory gave the Giants a record of six victories and only one defeat in their current tour of the West. The New Yorkers failed to reduce the margin of the Pirates, who won, Frank Frisch had nine putouts, coming within three of the

Pete Rasmus of Ohio State University set a new world's record for the discus throw when he tossed the missile 159ft. 17-8in. in leading the qualifiers for the finals tomorrow. This performance beat the former record of 158ft. 13-4in. made by Bud Houser of the University of Southern California in 1926.

GEORGE
SIMPSON

After Rasmus made his record-breaking throw, Ed Moeller of Oregon unwound himself and came off by tossing the platter out of the place. He registered a toss of 159ft. 10in., but his mark was not allowed because he had the misfortune of fouling, swinging his foot out of the circle when he sent the disk hurling into space. He qualified, however, and will have another chance to beat Rasmus's mark in the finals tomorrow.

TWICE EQUALLED

Running the 100-yard dash in 9.5 seconds is becoming so commonplace for Eddie Tolán, the University of Michigan great negro sprinter, that there was merely an arching of eyebrows among the

from few specialists when both Tolan and George Simpson, the Ohio State sprinter, won their preliminary heats in that record time.

Harlow Rother of Stanford set a new national collegiate record of 10.78 in qualifying in his specialty, the shot put. The big Californian surpassed the former record made by John Koch of the Kansas State Teachers' College by 21-ths.

Judging from the performances in the trials today the records fall without slaughter in the finals tomorrow, and Stanford, the 1924 team champion, probably will be supplanted in the scramble for the 1925 title as the Cardinal school has only three athletes entered.

The University of Southern California and the University of Washington appear to be the dangerous threats with Illinois and Ohio State looming up in the background. Southern California qualified eight men in five of the ten events in which preliminaries were held, leading a trio, the Payne boys and Weber in the low hurdles. Washington had seven men in five events with Illinois, the Big Ten outdoor champion, qualifying six men and Ohio State five.

KNISE INJURED

One of the Buckeyes, Howard Knise, probably will be missing in the finals, due to a pulled tendon. He fell flat at the half-way mark of his heat of the 100 and had to be assisted off the field. He qualified previously for the broad jump.

Stanford, with its trio of stars, promises to be dangerous in the battle for points. The Californians will have Rother and Eric Krent in the shot and discus and Edwards in the high hurdles and pole vault. If they are lucky enough to capture the points they figure to land they have the possibility of grabbing between 40 and 50 points, which might be enough for them to win. Points are scored for six places, ranking 10, 8, 6, 4, 2 and 1.

He is George Simpson, a lithe, spindle-legged streak from Ohio State University.

Competing with the fastest field ever brought together in an American meet, this smiling Buckeye streaked down the 100-yard stretch in the national collegiate track and field championship meet on Stagg Field today in 9 3-5s., clipping one-fifth of a second from the officially recognized world's mark.

Simpson's brilliant performance, aided by his teammates, enabled Ohio State to triumph for the team championship honors.

BUCKEYES WIN

The Buckeyes, winning four of the fifteen events and placing in two others, amassed a total of 50 points, with the University of Washington second with 42.

Illinois, winner of the Big Ten outdoor championship was third with 35½, the University of Southern California fourth with 32 and Stanford, winner of the intercollegiate A.A.A.A. meet a week ago, fifth with 28. Forty-six of the eighty-five teams broke into the scoring.

Simpson, in his startling victory, defeated the famous Claude Bracey, the Dixie flyer from Rice Institute, and Eddie Tolan, sensational negro sprinter from the University of Michigan, who twice within two weeks had run the century in 9.5s.

Simpson, putting his heart and soul into every step of the race and running with machine-like smoothness, beat Bracey to the tape by a stride, in a heart-breaking finish. Tolan was third, about six feet behind Bracey. The Wolverine negro got away to a poor start, was trailing sixth at the half-way mark, but finished with a remarkable burst of speed. Simpson got away from the mark like a shot and led from start to finish, with Bracey snapping at his heels.

Officials said there could be no question as to the acceptance of his record. He was timed by five watches. Two of the timers caught

him in 9.3s. and three clocked 9.4s. Engineers immediately measured the track and found it measured 100 yards and one inch.

NO BREEZES

Conditions were almost perfect for Simpson's record-breaking performance. The track was dry and fast. There was no breeze to aid him in his flight. Instead there was a moderate wind blowing across the course.

Simpson, who began his track career as a boy in Columbus, when the high-school coach yanked him out of a crowd and told him to run, was the highest individual point winner of the meet, scoring 20.

After his world-record-breaking performance in the century he came back to defeat virtually the same field in winning the 230-yard dash in 26.8s., setting a new meet record. This time Tolain finished second with Bracey third.

The Buckeyes won four of the fifteen events and placed in two others. The team added another world's record to its achievements when Pete Rasmus in the preliminaries yesterday tossed the discus 150ft. 1 7/8in. This mark stood through the test of the finals this afternoon.

Two of the three meet records smashed were accounted for by two of Stanford's trio of athletes. Harlow Rothert established a new meet record in the shot put with his toss of 50ft. 3in. in the preliminaries yesterday and R. W. Edmonds came back today to tie Tommy Warne of Northwestern for a new meet record in the pole vault with a leap of 13ft. 7 7/8in.

Edward Gordon, negro jumper from the University of Iowa, won the broad jump with a leap of 24ft. 8 1/2in. and finished second to Shelby of Oklahoma in the high jump with the Oklahoman clearing 6ft. 3in. Thus Gordon, a member of the Olympic team last year, tied with Rockaway of Ohio State for second place among the individual point winners.

Russell Walter of Northwestern, turned in one of the sensations when he defeated the fleet Williamson of Oklahoma Baptists, and Pete Bowen, Pittsburgh Olympic star, in the 440-yard run in 47.9s.

Of the forty-six teams that broke into scoring, Iowa was sixth with 24 points; Michigan, seventh, with 23; Pittsburgh, eighth, with 21; Northwestern, ninth, with 18, and Chicago, tenth, with 15. Rice Institute, Houston, was eleventh, with 14, and Indiana and Oregon, twelfth, with 12 points each.

Trailing the Hoosiers and Oregon were Alfred of New York and Oklahoma with 10, the Oklahoma Baptists, Purdue, Southern Methodists, Wichita and Texas Christian following with 8 each.

The following teams each scored 6 points: Cornell, Texas A. & M., Oregon Aggies, Denver, Colorado Aggies and Wisconsin. The remainder of the points were scattered.
