

SPRINT FLASH CONQUERS GREAT FIELD IN 9.4S.

Beats Simpson, Tolan and Bracey to Take Laurels; Washington Places Second in Meet

CHICAGO, June 7. (AP)—Move over Gallant Fox—and make room for Frank Wykoff, another champion, smiling 20-year-old youngster of the University of Southern California.

Traveling faster than any human being ran 100 yards before, Wykoff eclipsed the world record for the century to thrill a crowd of 12,000 today when he won the event in the national collegiate track-and-field championships on Stagg Field in 9.4s.

Wykoff established his remarkable record without the use of starting blocks, wiping out the existing mark of 9.5s., held by

POINT SCORE

Following is the table of point split-up in the national collegiate track-and-field meet:

Southern California, 57 27-70; Washington, 40; Iowa, 30 1-7; Ohio State 29 1-10; Stanford, 28; Illinois, 27 17-70; Michigan, 20 1-7; Indiana, 20; Oregon, 12; Wisconsin, 11 1-10; Chicago, 11; Nebraska, 11; Notre Dame, 10 1-7; Purdue, 10; Butler, 10; Wichita, 10; Pittsburgh, 10; Georgia Tech, 10; California, 10; Texas Christian, 9; Geneva, 8; Loyola (New Orleans) 6; seventeen other universities and colleges scored less than 5 points.

hair, not only eclipsed the record, but also defeated George Simpson, the Buckeye bullet from Ohio State University, who, a year ago, raced to victory in 9.4s., but whose world record performance was rejected by the International Amateur Athletic Federation because he made it with starting blocks.

TROJANS BEST

Wykoff's sensational victory was instrumental in helping Southern California carry off the team championship, making the Trojans track-and-field champions of the entire nation. The Trojans, previous winners of the eastern intercollegiate and Pacific Coast titles, annexed 57 27-70 points, with Washington finishing second with 40, giving the Pacific Coast runner-up laurels, too. Iowa was third with 30 1-7, Ohio State fourth with 29 1-10 and Stanford fifth with 28. Forty-three teams broke into the scoring in one of the most spec-

secular meets ever held in the country.

Burdess Wykoff's world record, another world mark was tied; six records for the meet were smashed and another meet record was equaled. Only six of the fifteen records established in eight previous N.C.A.A. meets survived the day's assaults, and most of them just by bare fractions.

Wykoff's achievement in cracking the world mark for the century was a thriller. He was away winging, first out of his holes, and led every foot of the race, with Simpson snapping at his heels after the first thirty yards. With a mighty drive at the tape, Wykoff's chest broke the white string a full eighteen inches ahead of Simpson. The Buckeye flyer, defeated for the first time outdoors this year, made one of the worst starts of his career and was lost of the sight spectators off his mark. He overhauled them all except Wykoff, who raced on to victory with the speed of a frightened deer. Simpson, disappointed in defeat, offered no advice and blamed only himself for what he regarded as an inexcessibly poor start.

Wykoff's victory resulted in a surprising defeat of Tolun, the world record-holder. Tolun finished fourth, about four inches back of a comparative "unknown," Ed Topplan of Loyola University, New Orleans. The two Texas streaks, Claude Bracey of Rice Institute and Cy Leland of Texas Christian, finished fifth and sixth, respectively. As Wykoff did not use starting blocks officials of the meet said there was little doubt that his performance would be accepted internationally as a world record, since he had no wind advantage. The track was springy and fast.

ANDERSON WINS

Spectators had barely settled back in their seats to watch the first event when a world record was tied. Stephen Anderson of Washington equaled the world mark when he ran the 100-yard high hurdle in 14.4 to defeat Lee Bentman, hurdling wised of Illinois, heretofore undefeated this year. They raced as a team for 80 yards, but the pace was a bit too fast for Bentman and he faltered over the last barrier, allowing the champion of the Far Northwest to draw and win by a yard. Bentman, however, got revenge in the 220-yard low hurdle, which he won by three yards to equal the meet record of 23.2.

Another revenge was Simpson. The Buckeye star, beaten in the century, left no doubt as to his superiority in the 220-yard dash. He won by at least five yards in 29.75, one-fourth of a second slower than the world record, but a tenth faster than the former N.C.A.A. record which he established a year ago. Cy Leland of Texas Christian was second, while Tolun, Farmer of North Carolina, and East and Root of Chicago crossed the line in that order in a basket finish.

In addition to Simpson's performance in the furlong, new meet records were established in the 800-yard run, two-mile, pole vault, discus throw and shot put.

Orval Martin, Purdue's great middle-distance runner, wound up his collegiate career by winning the 440-yard event in 1m. 24.1s., clipping a tenth of a second off the meet record. He sprinted away to lead by 10 yards, with Dale Letts of Chicago in second place.

Paul Jansup, St. Tin, football center from the University of Washington, set a new meet record for the discus with a toss of 130ft. 8-8in. Eric Krent of Stanford, holder of the world record of 124ft. 8-3-in., could do no better than second place with a throw of 128ft. 8-3-in.

Harold Manning, University of Wichita, accounted for a record two-mile run when he sprinted virtually all the way to set a mark of 1m. 15.1s. ten and seven-tenths seconds better than the old record set by David Abbott of Illinois in 1928. Manning was fifteen yards ahead of Brocksmith of Indiana, the Big Ten champion.

ROBERT SCORES

The record-breaking toss of 51ft. 13-in., made by Harlow Robert of Stanford in the shot put yesterday, stood up today as a new N.C.A.A. mark. To wind up the record-breaking in sensational style, Tommy Warner of Northwestern, added another new meet mark to the list with a vault of 11ft. 9 3/4-in. to better his own mark by an inch. He followed this with an attempt to break the world record, but failed.

The much-touted mile run failed to bring out anything more than a spirited race which was won by Elnak of Butler College in the rather slow time of 4m. 13.3s.

Kiser of Washington, expected to fight it out with Hill of Oregon for the title, finished second by three yards, with Makeover of Illinois in third place. Hill wound up sixth. Kiser attempted to set a pace all the way, but faltered on the last lap when Swartz of Western State Teachers of Kalamazoo, Mich., challenged and dropped back. Swartz in his turn gave way to streak on the stretch and the Hoosier was adding to his margin as he broke the tape.

The sun-baked Trojans scored in six of the fifteen events in which points were counted. Along with Wykoff's victory in the century, James Stewart picked off another first place in winning the high jump, while the balance of the points were pocketed up in minor places.
