

BLOND BREEZE OF BEARS WINS CENTURY IN 9.5

Eastman Captures Quarter-Mile Run in 46.5s.; Troy Runs Up Total of 85 Points to Collect

BERKELEY, May 21.—Bob Kiesel, Berkeley's Blond Breeze of the cinder path, achieved the greatest triumph of his running career here this afternoon when he defeated Frank Wykoff of the University of Southern California in a spine-tickling 100-yard race which thrilled a crowd of 5000 fans who found their way to Edwards Stadium for the fourth annual California intercollegiate track-and-field meet.

The brilliant Bear sophomore won by two yards and in doing so tied the official world's record of 9.5s., for the second time this season. Kiesel and Wykoff ran in widely separated lanes which made it a bit difficult to accurately estimate the distance between the two at the finish, but there was no question as to the result which gave Bear rooters a grand opportunity to exercise their vocal chords in a prolonged cheer which echoed and re-echoed against the hills in back of the Memorial Stadium.

EASTMAN GREAT

Any time you shove Ben Eastman and his record-wrecking performances into the background you have registered an accomplishment of exceptional brilliance. That's what Kiesel did today, for although Stanford's begoggled blond again smashed the world's record for the quarter-mile, it was Bullet Bob's name that was on the lips of all rooters as they filed out of the stadium late this afternoon.

The result of the century race was as unexpected as the meeting between the two great sprinters. Wykoff had not run since the Stanford meet in Los Angeles on April 30 and it had hardly been anticipated that he would go to his marks here today. As a matter of fact Frank entered the race against the advice of his coach, Dean Cromwell, and Troy's team physician, both of whom voted to keep the star S.C. sprinter out of the meet.

It was therefore quite a surprise when Frank lined up with Kiesel and other starters in the second event of this program. Kiesel was in lane two, Wykoff clear of the other side of the straightaway.

They got away to an even start as Jimmie Todd fired his gun and ran on equal terms for the first thirty yards. At this point Kiesel began to pull ahead slightly and it was not until the fifty-yard mark that Wykoff again drew abreast of his rival. Sensing the challenge and answering it with all the speed at

his command, Kiesel gained the lead again within the next twenty yards. Not only this but Bullet Bob crossed a full yard in front of his foe and maintained this margin until both began their final bid for victory at the eighty-yard point.

Here it was that Wykoff managed to make up a little on his flying rival, but Kiesel proved that he can do some real finishing on his own hook for he flashed into the tape with plenty of drive and the Trojan star had to be content with second honors.

Wykoff's standing in the bay region was greatly enhanced by his posture today, even though he was defeated. They suspected up here that Frank did not care to meet Kiesel after the close race between the two some weeks ago, but Wykoff showed that he can take his revenge with his victories and as a result is more highly regarded in these parts than if he had won the race.

EAST VICTORY

As anticipated, the Trojans had no trouble capturing the team championship for the fourth straight season. Crowwell's well-balanced squad scored more points than Stanford, California and U.C.L.A. combined, but did not reach their high score of last year when they rang up 92 digits.

Today's total score:

- Southern California, 63 1-4.
- Stanford, 62 3-4.
- California, 56 2-1.
- U.C.L.A., 4 1-1.

The competing athletes had virtually no regard for the eleven most records set last year, for they went out and cracked five marks this afternoon, in addition to tying one other. New records were established as follows:

One mile run: Cliff Halstead (S.C.) 4m. 23.8s., breaking his old mark of 4m. 23.8s. made last year.

Quarter-mile: Ben Eastman (Stanford) 46.5s., crating his old record of 47.5s., set last year.

High hurdles: Joe Mills (S.C.) 14.5s., removing the former standard of 15s. set by Peter Smith of Stanford in 1930.

High jump: Duncan McNaughton (S.C.) 5ft. 4 1/2-in., obliterating the old record of 5ft. 3 1/2-in., made by Jim Stewart and Bob Van Cadel, both of S. C., two years ago.

Pole vault: Bill Greaber (S.C.) 10ft. 10in. (Stanford) and George Pool (California) 11ft. 10in., marking the former mark of 10ft. 8in., established by Greaber last season.

Hundred-yard dash: Bob Kiesel, S.C., tied Wykoff's mark made a year ago.

EASY FOR BEN

By this time all doubting Thomases must be convinced that Ben Eastman can run a quarter-mile under 47s. any time that he takes a notion to do so. This afternoon he grabbed the lead at the start, followed closely by Guthrie of S. C., who seemed to be imbued with the impression that he could give Eastman a few seconds of strenuous toil. Guthrie was correct, but not for long. As they sailed into the first curve, after running the opening furlong on a straightaway, Eastman began to swing his arms a bit quicker, his pace quickened perceptibly and slowly, but surely, Big Ben began to draw away from his so-called rival.

As they went around the curve and hit into the back stretch Eastman had ten yards on Ablovich, who had passed Guthrie to take second position. Here it was Art Wessener of Troy began to dig in in a futile effort to catch the flying Eastman. Although Art gave all he had and was timed in 47.5s. at the tape, Eastman continued his apparently effortless expansion and had a clean margin of at least twelve yards at the finish.

The record of 46.5s. created less fervor than announcement of Kiesel's triumph and his time, but this was not unusual inasmuch as Eastman breaks records every time he runs, and in addition, the home-town folks naturally cheer louder about one of their own boys than they do about anybody else, even though the other person be popular Ben.

Eastman has a better mark for the 440, however, having done 44.4s. in the L.A.A.C. meet last March. At any rate, he has now shaded 47s. flat, close enough to insure acceptance of one of the marks as a new world's record, even by the most skeptical of authorities.

The pole vault kept the crowd glued to their seats almost an hour after the relay had been run. Greaber, Pool and Miller had successfully cleared 11ft. 10in., and had asked that the bar be placed at 11ft. 1 1/2-in., so that a successful effort by any one of the three would result in a new world's record. The boys tried valiantly to achieve this altitude but by a stroke they were quite exhausted and none of the trio could hold his form over the bar without also bringing the stick down.

FAIR FOR BOB

Kiesel was the only double winner of the day, capturing the far-long in 21.5s. Wykoff did not run this race, as it had previously been announced that he was reserving his efforts to the century for the best of the year.

One of the surprises of the day was Bill McNaughton's triumph in the half-mile. It was the first race the former Palo runner has won all year and he looked mighty good after allowing Dick Wheeler to set the pace most of the way.

Clay Moore, Stanford hurdler, suffered a catastrophe in the opening hurdle when he hit the 30s barrier in his head of the high and then, trying

to make up for this in the lows, crashed into the final obstacle and did not qualify for either race. Bill Carls and Bernie Miller were also victims of spills in the finals of the lows in the afternoon.

Halstead ran a beautiful race to win the mile by seventy-five yards over Jim Ferrie of Stanford. If pushed Cliff would have done better than his new record of 4m. 19.9s.

Dick Barber and the other Trojan broad jumpers were under their best marks today, but managed to get first, second and fourth. The boys say they don't like the jumping pit here.

Bob Dow and Ed Ablowich ran swift laps for Troy in the relay and as a result Woessner started twenty-five yards ahead of Eastman in the grand finale. The crowd roared as Ben blazed his way along, cutting down the difference with space-annihilating strides, but his handicap was too much even for the superhuman blond and the wonder of it was that he came withing four yards of Woessner at the finish. Watches clocked him in 46.6s.

100-yard dash — Won by Kiesel (C.) Wykoff (S.C.) second, Ball (S.C.) third, Delby (S.C.) fourth. Time, 9.5s. (Ties meet record.)
