

Trojan Sprinters May Engage in Civil War Today!

Dean Cromwell's pair of scintillating sprinters, George Boone, left, and Foy Draper, right, generally train their guns on the enemy, but when Southern California's annual inter-class track-and-field meet is held today at Bovard Field,

George and Foy may meet face to face. Boone will represent the junior class in the centry, while Draper will run for the seniors in the furlong dash. There is a possibility, however, of his entering the "100" against Boone.
