AMATEUR ATHLETIC UNION**

Los Angeles Coliseum

Friday night, June 11, 1954

8 p. m.

Price \$.25

THE CHAMPIONS

MAL WHITFIELD, 440 and 880

BOB RICHARDS, pole vault

FORTUNE GORDIEN, discus

PARRY O'BRIEN, shot put

J. W. MASHBURN, 440

JACK DAVIS, high and low hurdles

"MEET OF CHAMPIONS"

By **AL FRANKEN, President**
So. California Sports Association

It is the great privilege and pleasure of the Southern California Sports Association, all of us track and field enthusiasts, to sponsor, in cooperation with the Southern Pacific AAU, the "Meet of Champions" and District Championships—and its great headliner, the mile race matching Wes Santee and Josy Barthel.

Santee and Barthel, along with Britain's Roger Bannister and John Landy of Australia, rank at the head of the mile racers in the world. The great race tonight should help narrow the contention for the honor of being the world's number one miler. Another elimination is scheduled in August when Landy and Bannister tangle in the British Empire Games in Vancouver.

Husky Josy Barthel of Luxembourg, making his first and only West Coast appearance, won the 1952 Olympic Games "metric mile," the 1500 meters, in the record time of 3m. 45.2s. Trailing Barthel across the finish line were Bob McMillen of Occidental, Werner Lueg of Germany, Bannister and Patrick El Mabrouk of France, in that order. Landy never advanced beyond the first heat.

The Luxembourg star, only athlete from his tiny country ever to win an Olympic title in any sport, repeated his Olympic win over most of his challengers in a series of post-Olympic races. A graduate student at Harvard in sanitary engineering during the past year, Josy compiled a brilliant indoor record. He was unbeaten and posted the most outstanding record ever established by a foreigner indoors, and this list includes such greats as Gunder Hagg and Willy Slykhuis.

Santee dominates the American mile field as no one has ever done before. There is no miler in the United States who can keep within 50 yards of the "Ashland Antelope." In fact, there are few runners in the U. S. who can run the 1320 fast enough to stay with Santee as the latter is running the mile. That is one big reason why Wes hasn't recorded even more fabulous times.

Wes ran the mile in 4m. 00.6s. at Compton last week, indicating he was ready for an all-out assault on Bannister's unofficial world standard of 3m. 59.4s. He greatly respects Barthel's tremendous record, and is of the opinion the winner of their duel will have to negotiate four turns of the Coliseum in less than 4m.

Tonight's race is the final one of the 1953-1954 season for Santee as he leaves immediately following tonight's race for summer duty with the Marines. He plans to make it his best, if it's within his power tonight.

Speaking for Irving Marks, Attorney David A. Matlin, Leonard Cummings, Dwain Esped and others on our committee of sponsoring, we are happy to be the first to present what we truthfully feel is the greatest mile race ever run in the U. S. And what is a fine overall track and field meet.

TROPHIES

Wilbur Clark' Desert Inn Trophy—Outstanding Field Event Performer

Jimmy McHugh Trophy—Outstanding Track Event Performer
