

Scott Runs Lifetime Best—3:53.9

Steve Scott, the nation's premier miler, Saturday ran virtually uncontested to clock the sixth-fastest mile time ever recorded by an American—3:53.92—at the fifth annual Meet of Champions at UC Irvine.

The UC Irvine senior from Upland, ranked ninth in the world among milers, stole the show in the event as he bettered his own lifetime mark of 3:55.1.

Scott's time puts him with an elite group of American milers who have bettered 3:55, including Jim Ryun, Marty Liquori, Tony Waldrop, Dave Wottle, Steve Prefontaine, Rick Wohlhuter and Dick Buerkle (indoors).

In other events, Lenorris Marshall, a high school student from Surprise, Ariz., running unattached, won the 100-meter dash in 10:33—the third-fastest electronic clocking ever by a high school student. Only Houston McTear and Johnny (Lam) Jones ran faster as high school students.
